

## INSTALATION GUIDE

### MZR Nissan RB-Engines Bosch Alternator 140A KIT

#### Components:

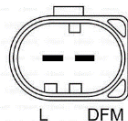

1. RB Bosch alternator 140A
2. RB Top bracket
3. M10 Socket bolt
4. Spring washer
5. Washer
6. Alternator connector
7. RB Lower spacer
8. 2x M8 Bolt
9. OEM Nissan harness connector

#### INSTALATION:

1. Take off OEM Nissan alternator.
2. Screw RB Bosch Alternator (1) to engine block using socket bolt (3) with assembled washers (4 & 5) and RB lower spacer (7).
3. Screw RB top bracket (2) by bolts (8) like you see on fot.1
4. Put belt on, tension it and tighten bolts. Necessary to choose belt due to different wheel diameters in different vehicles and devices at the engine.
